

Detailed Saleyard Report - Cattle

Market information provided by MLA's National Livestock Reporting Service

Score

Yarding 655
Change -123

report date 28/01/2020

comparison date 21/01/2020

Storms throughout the region reduced numbers, as the quality remained mixed. The younger cattle suitable for the restockers and lot feeders in places were of a lower muscle score, however there were well bred pens presented for sale. Prime conditioned and high yielding younger cattle were also penned and these sold to strong competition. There were approximately 230 cows in the penning, with most weights and grades represented. The market trend was dearer.

The heavier calves improved 11c, making from 224c to 338c/kg. The vealer steers were too scarce to quote, however the best weighing over 200kg sold at 318c/kg. The vealer heifers were also limited in number and these lifted 7c, with restockers paying from 296c to 302c/kg. Yearling steers to the restockers and lot feeder orders gained from 5c to 8c and made from 270c to 330c/kg. The yearling heifers also to the restockers and feeder orders lifted 12c, selling from 258c to 306c/kg. The prime conditioned younger cattle to the butchers again sold to strong competition, with the best topping at 332c/kg.

Cows lifted from 5c to 15c, with the plainer drafts receiving from 192c to 242c, as the better finished heavy weights made from 251c to 290c/kg. The best well muscled heavy weight bull reached 303c/kg.
